

SPORT ENRICHMENT

‘Unique to our school’

Building on Children’s Established Interests

‘Challenging and Fun’

Extending Opportunity & Promoting a Healthy Lifestyle

Broadening Horizons and ‘Opening up a World of Possibility’

‘Lessons for Life’ & ‘Lifelong Learning’

Developing Team Work & Self- Discipline

“We all like to take part in sport.”

“We like competitive sport. We like non-competitive sport too.”

“Sport is for Everyone!” You can play it at your own level and if you excel ... you can compete against others who excel too!

If you have a gift – celebrate it!

We play sport during the school day: football, cricket, rugby, table tennis, swimming, cross country, hockey, dance, dodgeball, gymnastics, netball, rounders and athletics.

We play sport after school too: football, table tennis, rugby, tennis, dance, netball, cricket and athletics

In Y5 & Y6 we go on school journey to Cornwall and to Norfolk; we do adventure sports - surfing, canoeing, abseiling, rock climbing, pot holing, high ropes and mountain biking (to name just a few of the activities)! We have a GREAT time!

We develop our confidence
in the air, on the rock face

■ ...on land and on the water!

We also do lots of unusual sports too. We call this our **‘Sport Enrichment Programme.’** It was introduced in 2011. Every class from Reception (5 year olds) to Y6 (11 year olds) have the chance to try something different! It is very exciting and can be very challenging – but that’s why we do it!

In the last few years we have offered:

Reception Class – Yoga

Y1 - Gymnastics & ‘Multisports’

Y2 - Tae Kwondo & Boxing

Y3 - Street Dance & Trampolining

Y4 - Tennis

Y5 - Rock Climbing, Handball & Fencing

Y6 - Kayaking & Keep Fit

None of these activities would be possible without the help of the PTFA who donate £2000 every year to assist with the funding of this programme.

SPORT ENRICHMENT

Our sport enrichment activities are run
by professional instructors.

“This is fun!”

“Whoops!”

.... And then there is the MUGA (Multi Use Games Area). It cost almost £80,000 but it was worth every penny!

Our MUGA is used during the school day, at playtimes, for extra curricular activities and for after school club. Now we have it, we wonder how we ever managed without it!

Thank you for all the support we receive for our sports activities. Thank you to the PTFA who offer £2000 every year to fund our programme and raised over £10,000 for the MUGA. Thanks to the Friern Barnet Educational Trust who donated £10,000 towards the cost of our MUGA. And thanks to the DfE for our annual sports grant; we saved this money for the installation of our MUGA. Without these funds our fabulous Sports Programme would not be possible.

....and of course, there is our swimming pool too! We have the most wonderful sports facilities.
