

Friday 26th of March

### How to help at home

#### Our week

This week our book was *The Tiny Seed*. The children drew the tiny seed and how it changes through the four seasons. We learnt about the order of the seasons and what happens in each of them. Children drew their own flowers and labelled them as well as drawing the life cycle of a plant on our interactive whiteboard. We explored the seeds of different fruit and vegetables as well as sorting and categorising them.

In maths this week we have been playing lots of dice games where we added two sets of spots together. We explored making 10 in different ways and working out how many more objects we needed to reach the total. Next week our book is *The Easter Story*. Through this story we will learn about why we celebrate Easter.

#### Phonics

This week we have learnt two new letter sounds **oa** as in goat and **oo** as in look. We have learnt to both read these sounds within words as well as sounding out and writing words with these sounds. We also learnt to read a new tricky word, you.

#### Reminders

Spring term finishes on Wednesday the 31st of April

**Drink Bottles:** please make sure these are labelled and that you remove them from any bags before sending your child into the classroom

**PE:** is on Tuesdays, you may bring in bags and leave them in our coloured buckets

**Swimming:** is on hold for now but we are expecting a return date soon

**Book bags:** come in on a Thursday and go home Fridays with new reading books or activities.

These do not need to come in on any other days. Please ensure all of your child's belongings are labelled. The picture books in the children's book bags are for you to read together. We will change these each week.

Have a lovely weekend.

Miss K Napier
