

P.E and Sport Premium Funding Report

2020-2022 PE and sports provision across the school

Use of P.E and Sport Premium Funding

We want to instil a passion for sport in all of our students. We want every child to enjoy sport, have fun and realise their physical potential and we want each child to participate in the wide variety of activities we offer through our P.E. curriculum. This includes weekly swimming lessons (a rare offer in any school setting), intra and inter-school competitions, sports enrichment courses, lunchtime and after school clubs.

It is very important to us that when they leave us at the end of Year 6, they express a desire to continue with their sport at secondary school and beyond.

We are very aware of the benefits of sport and exercise to a child's physical and mental well-being and the benefit this brings is immediate and often enduring.

We have designed a P.E. syllabus which has breadth and depth and is challenging and exciting. We offer pupils the opportunity to:

- experience a very wide range of physical activities and sports (including sports which are rarely offered within the normal primary school curriculum)
- be active
- develop and maintain healthy lifestyles
- enjoy sport and have fun
- develop personal skills
- develop as individuals and as members of a team
- develop a sense of fair play (all pupils representing the school and their parents must sign the schools' 'Fair Play Charter.')
- develop self-discipline and commitment (through training and practice)
- learn with experts in their field (eg. kayaking and taekwondo instructors)

Funding received

Number of eligible pupils: 180

Funding rate: 2020-2021: £17,800
 2021-2022: £17,780
 Total £35,580 (2020-2022)

Objectives

P.E. Grant spending objectives - to:

- Increase pupil participation in competitions, interschool sport and sport within school.
- Instil in pupils a love of sport and physical activity.
- Improve resources to support PE, including transport and equipment.
- Broaden the sporting opportunities available to pupils and to provide them with further opportunities to 'try their hand' at sports not normally available through the primary curriculum (see out 'Sport Enrichment' ppt presentation within the 'Information' tab on our website for details of our exciting and, we think, unique sports programme).
- Encourage fitness and healthy lifestyle choices
- Provide every pupil from Reception age through to Y6 with a weekly swimming lesson
- Train pupils to become Young Sports Ambassadors (to support their peers throughout the school in physical activity at lunchtimes).

- Provide training for school staff to develop their expertise in the provision of P.E. and school sport.
- Help fund membership of the Barnet Partnership for School Sports (BPSS) service.

The Sports Premium Grant has enabled us in the past to achieve:

- the national GOLD GAMES MARK for KS2 SPORT (2014-2015)
- the national GOLD GAMES MARK for KS1 SPORT (2015-2016)
- the national GOLD GAMES MARK for KS2 SPORT (2015-2016)
- the BARNET PARTNERSHIP for SCHOOL SPORTS PARTICIPATION AWARD (2018)
- the national GOLD GAMES MARK for KS2 SPORT (2018-2019)

Covid restrictions have had a severe impact upon sports activities from the first lockdown but it is our intention to apply for sports mark recognition as soon as this becomes possible. At the time of writing, Autumn 2021, we are rebuilding our sports offer; this includes the return of inter-school sport and our prized sport enrichment programme.

We are proud of our children's individual and team achievements in sport and we are thrilled that they love sport as much as we do! We encourage competitive sport and we encourage the pursuit of excellence. While we recognise the extraordinary talent and potential of some children who excel in sport we also believe in 'sport for all' and we provide ample opportunities for as many children as possible to assume representative responsibilities as well as taking part 'just for the fun of it!'. We value, encourage and celebrate the achievements of every child. Pupil survey findings suggest that sport is one of the activities that our children enjoy most in and outside of school.

Some of our pupils go on to perform at elite sports levels. We think this is a remarkable achievement for a small school. Notable successes include:

- ✓ Andrew 'Beef' Johnston – professional golfer, member of the European Golf Tour, winner of the 2016 Spanish Open and sports celebrity on 'A Question of Sport!'
- ✓ Amy Thomson – Synchronised Swimmer and squad member of the Australian national team, Rio Olympics, 2016
- ✓ Harry Kyprianou – professional footballer, Watford and Southend
- ✓ John Otugade – British Athletics Sprinter and Junior European Sprint Champion

Breakdown of spending (funded or subsidised by the PE and Sport Premium) 2020-2021 and projected spend 2021-2022 (including any carry forward from previous year)

Objective:	Activity:	Cost:
1. Increase pupil participation in competitions, inter-school sport and events such as: football, rugby, netball, cricket, athletics, cross-country, tennis, hockey, swimming, gymnastics, dance and sports hall athletics	Barnet Primary School Sports membership	£1,083 (20-21) £1,300 (21-22)
	Staff costs (including swimming)	£20,296 (20-21) £22,862 (21-22)
Total spend on objective:		£21,379 (20-21) £24,162 (21-22)
2. To instil in pupils a love of sport and physical activity.	Lunchtime games activities for targeted pupils	Included above
	After school sports clubs: football, cricket, rugby, netball, athletics and table tennis	Included above
Total spend on objective		n/a

3. Improve resources to support PE, including transport and equipment.	Minibus running costs	£0 (20-21) £3,400 (21-22)
--	-----------------------	------------------------------

	P.E. equipment	£854 (20-21) £500 (21-22) £650 (21-22)
Total spend on objective:		£854 (20-21) £3,550 (21-22)
4. Sport Enrichment: (additional sports activities) to broaden the sporting opportunities available to all pupils to include 2-6 sessions per class per year.	Extensive Sport Enrichment programme providing up to one half term of instruction from qualified sportsmen and women for each class. Typical annual provision : <ul style="list-style-type: none"> • Reception: Gym@Hendon Gymnastics Centre with professional instructors • Y1: Gym@Hendon Gymnastics Centre with professional instructors • Y2: Tae KwonDo with a black belt instructor • Y3: Archery with Premium Sport • Y4: Tennis with Finchley LTC coaches • Y5: Fencing • Y6: Kayaking & Bell Boating@Phoenix Canoe Club 	£265 (20-21) £3400 (21-22)
Total spend on objective:		£265 (20-21) £3400 (21-22)
5. To provide training for school staff to develop their expertise in the provision of PE and school sport (provided by Barnet Primary School Improvement Consultancy	CPD for teachers provided by BPSI	BPSI membership (see item 1)
Total spend on objective:		n/a
MUGA fixed costs	Annual MUGA maintenance	£0 (20-21) £485 (21-22)
Total spend on objective:		£0 (20-21) £485 (21-22)
KS2 House swimming Gala (Y5&Y6) – 2 hour hire of Barnet Copthall Pool	Opportunity to showcase pupils swimming skills in full-size pool	£0 (20-21) £370 (21-22)
Total spend on objective:		£0 (20-21) £370 (21-22)

TOTAL ANNUAL INCOME from SPORT PREMIUM: £35,580

TOTAL ANNUAL EXPENDITURE ON SPORT: £55,465 (excluding capital costs of pool, which is considerable)

Nb. Sport expenditure is considerable and vastly exceeds income received through the Sport Premium. Other funding sources include the PTFA, The Friern Barnet Education Trust and School Funds.

Impact of expenditure upon sport (see below)

We know that lockdown and Covid have had a dramatic and negative impact upon learning and wellbeing for young people. We see this in school and it is seen at a local and national level too. Further evidence for this can be found from analysis of the Barnet Partnership for School Sports (BPSS) summer 2021 survey of

children; headline data on the report from the school survey across Barnet demonstrates the extremely worrying effect of the third lockdown on our children's health and wellbeing including:

- 87% of teachers believe children's physical fitness is worse
- 67% believe wellbeing is worse
- 78% believe children have returned to school with excessive weight

Our membership of BPSS, our effective use of the Sport and PE Premium and our own investment of funds (supported by the PTFA and Friern Barnet Education Trust helps us to tackle these issues and provide an active recovery programme for the children in our school. This is our number one priority now (2021) and moving forwards.

Impact of premium use	
Impact on pupils' participation:	All pupils benefit from our sports programme. The overwhelming majority of pupils express positive views about sport. Evidence for this can be found in their enthusiastic participation in the activities we offer, their attendance at after school and lunchtime clubs and their enthusiasm for both non-competitive sport and competitive sport. The sports we offer in a typical school year might be as follows: athletics, canoeing, cricket, cross country, cycling, fencing, football, dance, gymnastics, hockey, netball, rounders, rugby, sports hall athletics, swimming, table tennis, archery and tennis.
Impact on pupils' attainment:	<p>We are committed to offering our pupils a broad and balanced learning experience which provides ample opportunity for all children to enjoy their learning and be excited about coming to school. We consider our sports programme an integral part of our expansive curriculum offer. Sport promotes a healthy lifestyle; it encourages team work and collaboration. It demands effort, commitment and co-operation. It promotes sportsmanship. It provides enjoyment. It develops life skills and often the interests children develop when they are young become interests and activities they continue to pursue as adults.</p> <p>We believe that children's positive attitudes towards sport help children to develop positive attitudes about school and self. We hope and believe that our children enjoy school and enjoy their learning.</p> <p>We believe that sport demands commitment, requires determination and encourages team work. We are convinced that all of these things contribute to good outcomes in learning across a wide range of subjects.</p>
How the premium has allowed pupils to develop active lifestyles:	<p>The sports premium has enabled us make the best of our wonderful sports facilities – we are a one form entry primary school with an all-weather sports pitch and our own swimming pool (incredibly expensive to staff, run and keep in good repair – but worth every penny!).</p> <p>The sports premium has supported our long term commitment and aspiration to provide exceptional provision in sport. It has also offered us the opportunity to vary and extend our offer to pupils by including sports rarely offered within the primary school curriculum. We believe that what we offer is unusual and potentially unique. We know that it is enjoyed and valued by our pupils and their parents.</p>

How the school will sustain the improvements:

We are committed to continuing to allocate substantial funds from the school budget to promote sport at St. John's. We also enjoy financial support from the PTFA and the Friern Barnet Education Trust for our annual and on-going Sports Enrichment programme. We will continue to invest the Sports Premium Funding to ensure that our sporting pedigree remains intact. We will continue to invest delegated school funds in sport for as long as the budget permits. Current school funding levels (2021) are not considered comparable to funding in recent years and this is dramatically impacting upon our ability to maintain high levels of provision as we move forwards and beyond 2021-2022.
