

Girls football achievements

Since September the girls football team, which is a mix of y5 and y6, have achieved so much, Mr Newman and Mr. Jeffery have encouraged us to push and hold together as a team even when the opponent isn't exactly kind or easy going we fight till the whistle blows.

Now for the main achievements:

The girls started by playing a tournament at Power League, Compton which wasn't easy ...we won lots of our matches and drew a couple but with all our hard work we got into the semi-finals against Church Hill...not easy but yes we made it to the finals by 2 goals(2-4)

The finals came up and everybody was crossing their fingers the teachers and helpers were holding their breaths every time it went near to the goal.

Suddenly we scored ! 1-0 then the whistle blows. We won the tournament and won it together! We collected our gold medals and proudly wore them.

Next was the league games. We played many of those, far too many to count.

Some in the Sun, some in the frost even some in the rain! But every game showed our very best abilities and we were unbeaten which meant we won our league ! What a great feeling that was, but it isn't over, not yet ... both the teams that were the winners of their mini leagues had to play each other: St John's n11 and Martin's School! It started normally the ball was being carried over the pitch from left to right, it seemed like no goals were coming our way! But we didn't give up...and because of that we slotted a goal in just after we went 1-0 down then 2 up, then 3 then 4 then 5, Martins school scored 1 more which meant it was 5-2 and the final and most important whistle blew and that meant we had won!! We did our usual 3 cheers and then it was time to collect our rewards for the biggest achievements of this whole football session. We won the CUP!!! We grouped together and held it up on there! It was so thrilling and hard to believe ...so that's our 2024-2025 girls football story so far.

We all did this as a team including everyone that supported us on our way .

Special thanks to Mr Newman ,Mr Jeffrey , Reverend Dagmar. And everyone else that came to watch our matches!
